What is the Extension Master Gardener Program?

The Master Gardener Program was first started by the Washington State Cooperative Extension Service in 1972. It grew out of a need to meet an enormous increase in requests from home gardeners for horticultural information. Master Gardeners have become a vital part of Extension's ability to provide consumers with up-to-date reliable information. Master Gardening has also given its participants a sense of community spirit, accomplishment and intellectual stimulation.

2. Sign Up - Fill out the following information:

- * In the first box create your own personal User ID in the first box. Most people use their first initial and last name.
- * In the second box create your own password. Copy it in a secure location because we are not able to access your password if you forget it.
- * Fill out the remaining information. For county, use the pull down menu and use **Flathead**, even if you reside in a different county because this is where the class is taught.
- * Record your t-shirt size. The level I shirts run a little small.
- * The Bot Check is to insure that an automated hacker is not used.
- * Click on the "Register" box.

The information will be sent to the state coordinator as well as the county extension agent, Pat McGlynn. Pat will then approve you as a paid student. It will take a day or so for this transfer to occur.

3. After you have been approved, log in to see the following information:
