

# CITY OF BAKER GOVERNMENT STUDY COMMISSION FINAL REPORT

To the Citizens of the City of Baker:

The City of Baker Study Commission elected by the voters on November 8, 1994, or thereafter appointed, present this final report to the citizens of the city.

The purpose of the study commission, as defined in state law, is "to study the existing form and powers of our county government and procedures for delivery of local government services and compare them with other forms available under the laws of the state". If some change is deemed necessary, the study commission may submit such proposed change to the electors.

In the conduct of their review the study commission has sought advice and information from a number of people in the city. Opinions and recommendations were solicited from local government officials, community organizations and citizens. All meetings of the study commission were open to the public. An in depth, random, telephone interview/survey was conducted by the BHS Government class to seek and determine citizen opinion and advice.

As a result of discussions held with the people and groups mentioned, the City of Baker Study Commission has concluded that there is general consensus that the existing city commission-executive form of government has served the city well since its organization, and will continue to do so in the future. We therefore recommend no change in this form of government.

Respectfully submitted,
