

Alternatives to Grading

Group Discussion Questions:

1. What did you think of the alternatives presented in the article/s?
2. Have you ever used any alternatives to standard grading practices in your classes? If so, what were they? How would you assess their outcomes?
3. What creative ideas for alternatives to standard grading practices do you have that you or someone else might use?
4. What might be some of the positive outcomes of these alternatives?
5. What might be some of the negative outcomes?
6. How might you guard against or address any negative outcomes?
